ARTICLE I Purposes

§ 134-1. Enumeration of purposes. [Amended 3-27-01 by L.L. 2001-05]

There is hereby established a comprehensive zoning plan for the Village of Cold Spring, which plan is set forth in the text and map that constitutes this chapter. Said plan is adopted for the purposes set forth in § 7-704 of Article 7¹ of the Village Law and in the interest of the protection and promotion of the public health, safety and welfare. Said plan shall be deemed also to specifically include the following purposes, among others:

- A. To recognize that the land within the confines of the Village of Cold Spring has been largely developed, but that the remaining vacant land, if improperly controlled, could drastically alter the character of the community to the detriment of all people residing therein.
- B. To recognize that the capacity of the sewer and water systems is limited and that uncontrolled building would impose an intolerable burden upon said public facilities.
- C. To recognize that the traffic capacity of village streets is limited and that proper control of parking and traffic is of paramount importance for adequate transportation and safety from fire and public dangers.
- D. To recognize that the Village of Cold Spring is situated in a location of unique beauty and that all planning and zoning must have as one of its goals the development of a village that will blend and harmonize with the surrounding countryside, thereby making a more pleasant, relaxed and healthful community for all.
- E. To recognize that while the Village of Cold Spring is primarily a residential community, provision also must be made for business and industry.

ARTICLE II Definitions

§ 134-2. Word usage and definitions.

- A. Word usage. Except where specifically defined herein, all words used in this chapter shall carry their customary meanings. Words used in the present tense include the future, and the plural includes the singular. The word "lot" includes the word "plot" or "parcel"; the word "building"

¹ Editor's note: Article 6-A of the former Village Law is currently Article 7, and former Article 177 is now 7-704.

includes the word "structure"; the word "shall" is intended to be mandatory; "occupied" or "used" shall be considered as though followed by the words "or intended, arranged or designed to be used or occupied"; the word "person" includes a "corporation."

B. Definitions. As used in this chapter the following terms shall have the meanings indicated:

ACCESSORY USE - A use customarily incidental and subordinate to the principal use or building and located on the same lot as such principal use or building. In buildings restricted to residence use, the office of a professional man, customary home occupations and workshops not conducted for compensation shall be deemed "accessory uses."

APARTMENT HOUSE - A building arranged, intended or designed to be occupied by three (3) or more families living independently of each other.

AREA, BUILDING - The total area, taken on a horizontal plane at the main grade level, of the principal building and all accessory buildings, exclusive of uncovered porches, terraces and steps.

BED & BREAKFAST – See “Tourist Home” [Added 3-27-01 by L.L. 2001-5]

BOATEL - A hotel for boat tourists. [Added 3-2-70 by L.L. No. 1-1970]

BUILDING - Any structure having a roof supported by columns or by wood and intended for the shelter, housing or enclosure of persons, animals or chattel.

BUILDING, ACCESSORY - Supplemental building, the use of which is incidental to that of a main or principal building and located on the same lot therewith.

BUILDING, FRONT LINE OF - The line of that face of the building nearest the front line of the lot.

BUILDING, HEIGHT OF - The vertical distance measured from the average elevation of the proposed finished grade around the perimeter of the building with not less than one measurement on each side of the building to the highest point of the roof for flat roofs, to the deck line of mansard roofs and to the mean height between eaves and ridge for gable, hip and gambrel roofs. §134-2

DWELLING, ONE-FAMILY - A detached building designed for or occupied exclusively by one (1) family.

DWELLING, TWO-FAMILY - A building designed for or occupied exclusively by two (2) families living independently of each other.

DWELLING UNIT - A building or portion thereof providing complete housekeeping and living facilities for one (1) family.

FAMILY - One (1) or more persons occupying the premises and living as a single nonprofit housekeeping unit as distinguished from a group occupying a boardinghouse, lodging house, club, fraternity or hotel.

FILLING STATION - Any area of land, including structures thereon, that is used or designed to be used for the sale or supply of gasoline or oil or other fuel for the propulsion of motor vehicles, and which may include facilities used or designed to be used for polishing, greasing, washing, dry cleaning or otherwise cleaning or servicing such motor vehicles, but not including painting.

FLOOR AREA OF A BUILDING - The sum of the gross horizontal areas of the several floors of a building and its accessory buildings on the same lot, excluding cellar and basement floor areas not devoted to residential use, and also excluding the area of roofed porches and roofed terraces. All dimensions shall be measured between interior faces of walls.

GARAGE, PRIVATE - An enclosed space for the storage of one (1) or more motor vehicles, provided that no business, occupation or service is conducted for profit therein nor space therein for more than one (1) car is leased to a nonresident of the premises.

GARAGE, PUBLIC - Any garage other than a private garage, available to the public, operated for gain and which is used for sales (franchised dealers only), storage, repair, rental, greasing, washing, servicing, supplying fuel, adjusting or equipping of automobiles or other motor vehicles.

HOME OCCUPATION - An accessory use of a service character customarily conducted within a dwelling by the residents thereof, which is clearly secondary to the use of the dwelling for living purposes and does not change the character thereof or have any exterior evidence of such secondary use other than a small nameplate and in connection therewith there is not involved the keeping of a stock-in-trade. The office of a physician, surgeon, dentist or other professional person, including an instructor in violin, piano or other individual musical instrument limited to a single pupil at a time, who offers skilled services to clients and is not professionally engaged in the purchase or sale of economic goods, shall

be deemed to be "home occupations"; and the occupations of dressmaker, milliner and seamstress, each with not more than one (1) paid assistant, shall be deemed to be "home occupations." Dancing instruction, band instrument instruction in groups, tearooms, tourist homes, beauty parlors, real estate offices, convalescent homes, mortuary establishments and stores, trades or business of similar kind shall not be deemed to be "home occupations."

HOSPITAL - Unless otherwise specified, includes sanatorium, preventorium, clinic, rest home, nursing home, convalescent home, medical center and any other place for the diagnosis, treatment or other care of ailments, and is limited to places for the diagnosis, treatment or other care of human ailments, other than for specified treatment of mental patients, contagious or infectious diseases or liquor or drug addicts. **[Amended 10-12-76 by L.L. No. 1-1976]**

HOTEL - A building containing three (3) or more rooms intended or designed to be used, or which are used, rented or hired out to be occupied, or which are occupied, for sleeping purposes by guests and where only a general kitchen and dining room are or may be provided within the building or in an accessory building. A boardinghouse, lodging house, rooming house, tourist home and motel shall be deemed a "hotel." A boatel shall also be deemed a "hotel." **[Amended 3-2-70 by L.L. No. 1-1970]**

HOUSE TRAILER - Any vehicle or structure used or designed to be used or suitable for use for living purposes or as a dwelling, and which is or may be mounted on wheels, or is designed to be moved on wheels, and is or may be propelled either by its own power or by another powerdriven vehicle to which it may be attached. The term "housing trailer" shall be deemed to include mobile home.

JUNKYARD - A lot, land or structure or part thereof used primarily for the collecting, storage and sale of wastepaper, rags, scrap metal or discarded material; for the collecting, dismantling, storage and salvaging of machinery or vehicles not in running condition and for the sale of parts thereof.

LAUNDERETTE - A business premises equipped with individual clothes-washing machines for the use of retail customers, exclusive of laundry facilities provided as an accessory use in an apartment house or an apartment hotel.

LINE, STREET - The dividing line between the street and the lot.

LOT - A parcel of land occupied or capable of being occupied by one (1) building and the accessory buildings or uses customarily incident to it, including such open spaces as are required by this chapter.

COLD SPRING CODE

§134-2

§134-2

ARTICLE III
Establishment of Districts

§ 134-3. Listing of districts.

For the purpose of promoting the public health, safety, morals and general welfare of the Village of Cold Spring, said village is hereby divided into the following types of districts²:

- R-1 One-Family Residence District
- R-3 Multifamily Residence District
- B-1 General Business District
- B-2 Designated Shopping Center District
- 1-1 Office and Light Industry District
- 1-2 Heavy Industry District

§ 134-4. Zoning Map.

Said districts are bounded as shown on a map entitled "Zoning District Map, Village of Cold Spring, Town of Philipstown, Putnam County, State of New York" dated September 10, 2008, which, with all explanatory matter thereon, is hereby made a part of this chapter and accompanies same.³ **[Amended 12-9-08 by L.L. 2008-3]**

§ 134-5. Interpretation of district boundaries.

Where uncertainty exists with respect to the boundaries of any of the aforesaid districts as shown on the Zoning Map, the following rules shall apply:

- A. Along centerline of roads. Where district boundaries are indicated as approximately following the centerlines of streets or highways or rights-of-way, such centerlines shall be construed to be such boundaries.

² Editor's Note: Additional districts, not listed below, have been added to this chapter by amendment. A B-3 Designated Retail-Financial-Professional District was added March 27, 1973, by L.L. No. 2-1973; a Designated Hotel-Historic-Recreational District was added May 18, 1973, by L.L. No. 4-1973; a B-4 Designated Medical and Health Care Facility District was added October 12, 1976, by L.L. No. 2-1976.

³ Editor's Note: The Zoning Map is on file in the office of the Village Clerk.

COLD SPRING CODE

§134-5

§134-6

- B. Along lot lines. Where district boundaries are so indicated that they approximately follow lot lines, such lot lines shall be construed to be said boundaries.
- C. Parallel to centerlines or right-of-way lines. Where district boundaries are so indicated that they are approximately parallel to the centerlines of streets or highways or rights-of-way, such district boundaries shall be construed as being parallel thereto and at such distance therefrom as indicated on the Zoning Map. If no distance is given, such dimension shall be determined by the use of the scale shown on said Zoning Map.
- D. Along railroad lines. Where the boundary of a district follows a railroad line, such boundary shall be deemed to be located in the middle of the main tracks of said railroad line.
- E. Watercourses. Where the boundary of a district follows an internal stream, lake or other body of water, said boundary line shall be deemed to follow the center line thereof; where the boundary of a district follows an external stream, lake or other body of water located along the town boundary, said district line shall be deemed to follow the line of jurisdiction of the town.

ARTICLE IV District Regulations

§ 134-6. Adherence to regulations; interpretation.

Except as hereinafter provided:

- A. No building or land shall hereafter be used or occupied and no building or part thereof shall be erected, moved or altered unless authorized by and in conformity with the regulations herein specified for the district in which it is located.⁴
- B. No building shall hereafter be erected or altered:
 - (1) To exceed the height;
 - (2) To accommodate or house a greater number of families;
 - (3) To occupy a greater percentage of lot area; or

⁴ Editor's note: A Table of Dimensional Requirements is included as an appendix to this chapter.

ARTICLE V
Special Uses and Supplementary Regulations

§ 134-16. Permitted special uses.

- A. General provisions. The special uses for which conformance to additional standards is required shall be deemed to be permitted uses in their respective districts, subject to the satisfaction of the requirements and standards set forth herein, in addition to all other requirements of this chapter. All such uses are hereby declared to possess characteristics of such unique and special forms that each specific use shall be considered as an individual case.
- B. Required plan. A plan for the proposed development of a site for a permitted special use shall be submitted with an application for a special permit, and such plan shall show the location of all buildings, parking areas, traffic access and circulation drives, open spaces, landscaping and any other pertinent information that may be necessary to determine if the proposed special use meets the requirements of this chapter.
- C. Expiration. A special permit shall be deemed to authorize only one (1) particular special use and shall expire one (1) calendar year from date of issuance of permit. **[Amended 3-27-01 by L.L. 2001-5]**
- D. Existing violations. No permit shall be issued for a special use for a property where there is an existing violation of this chapter. ("Existing violation" shall not mean legally existing nonconforming use.)
- E. Standards applicable to all special uses.
 - (1) The location and size of the use, the nature and intensity of the operations involved, the size of the site in relation to it and the location of the site with respect to the existing or future streets giving access to it shall be such that it will be in harmony with the orderly development of the district, and the location, nature and height of buildings, walls and fences will not discourage the appropriate development and use of adjacent land and buildings or impair the value thereof.

ZONING

§134-16

§134-16

- (2) Operations in connection with any special use shall not be more objectionable to nearby properties by reason of noise, dust, odor, fumes, vibration or flashing lights than would be the operation of any permitted use.
- (3) The special use shall be commensurate with requirements for the health, interest and welfare of the public; it shall be located appropriately with respect to transportation facilities, water supply, fire and police protection, waste disposal, sewerage and similar facilities, and it shall not cause undue traffic congestion or create a traffic hazard.
- (4) Appropriate conditions and safeguards may be fixed and determined by the Board of Appeals as, deemed necessary in each case.
- (5) There shall be fulfillment of any other conditions or standards specified in this chapter and required by other ordinances and codes of the Village of Cold Spring.

§134-16

§134-16

F. Procedure.

- (1) All applications for special permits shall be made to the Board of Appeals in writing, on forms prescribed by this chapter; shall refer to the specific provision of the law involved; and shall set forth exactly the interpretation that is claimed and the use for which the special permit is sought, together with all informative details in connection therewith.
- (2) A public hearing shall be held and a decision rendered in accordance with the procedures outlined for the issuance of a variance by the Board of Appeals under this chapter.
- (3) **[Added 4-8-08 by L.L. 2008-02]** The Zoning Board of Appeals may refer applications for special permits to the Villages' planning, engineering or legal consultants for review and comment and may upon approval of the Village Board retain such other or additional planning consultants, engineering consultants, legal consultants or other professionals as it deems reasonably necessary to review applications for plat approval.
- (4) **[Added 4-8-08 by L.L. 2008-02]** All applications for special permits shall be accompanied by funds totaling five hundred dollars (\$500) to be held in an escrow account and used for payment of expenses and disbursements incurred by the Village in processing the application including consultants' fees pursuant to Section 134-28 of this Chapter.
- (5) **[Added 4-8-08 by L.L. 2008-02]** It shall be a condition of approval of all special permits that all expenses, costs and consultants' fees imposed under this Chapter have been paid to the Village.

G. Additional standards. The following are additional standards deemed necessary before a special use permit may be issued for certain specific uses:

- (1) Conversion of an existing structure from a one-family or two-family dwelling to a two-family or a three-family dwelling, subject to the following special conditions:

ZONING

§134-16

§134-16

- (a) Such structure shall have contained, on the effective date of this chapter, one thousand (1,000) square feet of livable floor area for the original dwelling unit plus seven hundred fifty (750) square feet for each additional dwelling unit created.
 - (b) The lot on which such structure is located shall contain fifteen thousand (15,000) square feet of lot area for the original unit and five thousand (5,000) square feet for each additional unit so created.
 - (c) Two (2) off-street parking spaces shall be provided on said lot for the use of each dwelling unit.
- (2) Marinas, etc., including motel, boatel and restaurant as authorized under R-1. **[Added 3-2-70 by L.L. No. 1-1970]**
 - (a) The Zoning Board of Appeals shall find that the use as proposed would not be deleterious to or adversely affect adjacent properties.
 - (b) The following minimum standards shall be observed:
 - (1) Lot area one hundred sixty thousand (160,000) square feet.
 - (2) Each lot shall be of such shape that a square two hundred by two hundred (200' x 200') feet will fit on the lot.
 - (3) Yards.
 - [a] All yards, including front, rear and side for main buildings for motel, boatel, restaurant: fifty (50') feet.
 - [b] Yards adjacent to railroad right-of-way for buildings other than as set forth in Subsection G(2)(b)[3][a]: ten (10') feet.
 - [c] Yards adjacent to Hudson River may be reduced to less than fifty (50') feet by Zoning Board of Appeals.

COLD SPRING CODE

§134-16

§134-16

[d] Yards around buildings for accessory uses, including maintenance and sales, may be established by Zoning Board of Appeals, but in no event need exceed the minimum standards set forth above.

[e] Docks, floats, moorings, ramps, lights and marina equipment shall not be considered violations of setbacks for yards adjacent to the Hudson River, but their basic design, location and layout shall be subject to approval of the Zoning Board of Appeals.

(c) The following maximum standards shall be observed:

(1) Maximum height.

[a] Main buildings: thirty-five (35') feet.

[b] Accessory buildings: twenty (20') feet.

[c] Storage, including boats: twenty (20') feet.

(2) Maximum building coverage for all buildings: thirty percent (30%).

(3) Maximum outside storage, including storage and display of boats and marina merchandise, shall not exceed twenty percent (20%) of the lot area and shall not occupy areas required for yard setbacks without approval of the Board of Appeals.

(d) Off-street parking shall be entirely located on the lot and sufficient to accommodate all parking resulting from operation of marina and other uses permitted, together with observance of standards required by § 134-18C.

(e) Off-street loading. All truck parking and loading shall take place entirely on the lot and also as per standards in § 134-18C.

- (3) Senior citizen housing as permitted in B-4 Zone. **[Added 2-28-78 by L.L. No. 1-1978]**
- (a) The following are standards in addition to those listed in Subsection E of this section and § 134-15F:
- [1] Sites shall afford a safe and convenient system of drives, service access and walks conveniently accessible to all occupants. No roads or driveways shall be located within fifty (50') feet of any street intersection. Onsite facilities for vehicle parking shall be provided to meet the needs generated by the project, with due regard for economic utilization of the land and good site planning practice. There shall be provided at least one (1) parking area for each dwelling unit, and two (2) for any building superintendent.
 - [2] Artificial lighting of the grounds shall provide illumination sufficient for the convenience and safety of older persons.
 - [3] The project design shall be functional and shall provide for the safety, health and general welfare of occupants of this age group.
 - [4] The location of buildings, the arrangement of dwelling units within the buildings and suitable materials and methods of construction shall be utilized to reduce the transmission of sound.
 - [5] Dwelling units may be the one-room efficiency type or may include one-bedroom units, depending upon the occupancy. In no event, however, shall a dwelling unit exceed one (1) bedroom. The minimum floor area for an efficiency-type dwelling unit shall be five hundred (500) square feet. A one-bedroom dwelling unit shall have a minimum floor area of six hundred (600) square feet. No more than one (1) person shall be permitted to occupy an efficiency unit and no more than two (2) persons shall be permitted to occupy a one-bedroom dwelling unit.

§134-16

§134-16

- [6] The architectural design of all buildings. The site selection and recreation facilities must be consistent with the ultimate purpose of achieving independent, self-reliant and pleasant living arrangements for a group of senior citizens and should take into account the desires and needs of older persons for privacy and for participation in social and community activities. At the same time, provision should be made to accommodate the limitations that sometimes accompany advanced years so that independent living can be sustained as long as possible.
- [7] Adequate facilities shall be provided for the removal of snow, trash and garbage and for general maintenance of the project.
- [8] The Village Board shall have the right to require the applicant to dedicate to the public all new streets and recreational areas. The Village Board shall have the right to require that the applicant execute such agreements and covenants as may be required in the opinion of the Village Attorney in order to assure that the premises shall be used in accordance with the terms of the special permit to be issued. Said agreements or covenants shall be such as may be recorded in the Putnam County Clerk's office and constitute a covenant running with the land. Such covenant or agreement may only be modified or released as set forth in said covenant or agreement or by local law of the Village of Cold Spring.
- [9] Construction requirements. All buildings and dwelling units constructed under this subsection shall be constructed in accordance with the New York State Building Construction Code, the Code of the Village of Cold Spring,⁵ and conform to any additional requirements of the state or federal programs providing for housing for the elderly where state and/or federal funds are used in the construction and/or acquisition of the senior citizens' housing or site.

⁵ Editor's Note: See Ch. 40, Building Construction.

- [10] Each dwelling unit shall have bath facilities, including as a minimum a lavatory, water closet and bathtub or stall shower. The size of the bathroom and arrangement of the fixtures shall be adequate for the convenient use of the fixtures by older persons. The floor finish shall be impervious to water and shall have nonslip characteristics. The threshold shall be flush with the floor. All plumbing fixtures, accessories and trim shall be selected for and provide the maximum features of design that contribute to the safety, convenience and aid of older persons. Shower stalls shall include a built-in seat or bench or provide room enough for a bath stool.
- [11] Community space.
 - [a] In order to qualify under this subsection, the applicant or sponsor of housing for the elderly shall provide a community space of at least equal to ten (10%) of the total floor area of the buildings. Such community space may include lounges, workshops, game rooms, dining hall and other facilities designed for the elderly. Spaces for medical facilities or dispensaries shall not be considered community space. Community space shall not be in the basement unless there be ground-level ingress or egress into such space. The Village Board shall determine the apportioning of this community space between or among buildings and may modify the community space ratio to conform to the requirements of the state and/or federal agencies providing funds for the construction and/or acquisition of the senior citizen housing and/or site.

- [b] Wherever practical, out-of-door facilities, including landscaped sitting areas and space for exercise and games, shall be provided.
- [12] Where practicable, self-service laundry facilities for the common use of residents should be provided in a convenient location.
- [13] The Zoning Board of Appeals, at the time of authorizing any special permit, may also grant such variances from these regulations as it deems necessary and proper to implement the purposes of this chapter.
- (b) Permitted general accessory uses.
 - [1] Cafeterias or dining halls for use of residents and guests.
 - [2] A medical dispensary or doctor's office for use of residents.
 - [3] Storage or tool sheds for on-site equipment and material.
- (c) In addition to any other conditions the Zoning Board of Appeals may impose, it may condition its approval upon the applicant's furnishing additional fencing, safety devices, landscaping and other appropriate requirements which will enhance the proposed use.
- (d) The Zoning Board of Appeals shall also, as a condition of its approval, require site development plan approval by the Planning Board.
- (e) Minimum required.

- [1] Building height.
 - [a] Stories: two and one-half (2 ½).
 - [b] Feet: thirty-five (35).
- [2] Maximum length of building: one hundred eighty (180') feet.
- [3] Building percentage of lot coverage: twenty-five percent (25%).

(4) Tourist Homes as permitted in R-1 District [**Added 3-27-01 by L.L. 2001-5**]

- (a) Parking as required by Section 134-18E.
- (b) Property shall have frontage along state highways.

§134-17

§134-17

§ 134-17. Supplementary regulations applying to all residence districts.

A. Accessory buildings and garages.

- (1) An accessory building or a garage may be located in any required side or rear yard, provided:
 - (a) Such building or garage shall not exceed one and one-half (1½) stories.
 - (b) Such building or garage shall be set back ten (10') feet from any lot line, and if separated from the principal building, shall not be located less than, ten (10') feet from it.
 - (c) All such buildings or garages in the aggregate shall not occupy more than thirty percent (30%) of the area of the required rear or side yard.
- (2) No accessory building shall project nearer to the street on which the principal building fronts than such principal building. Should topographic conditions be such that practical difficulties would be caused by this requirement with respect to the location of garages, the Board of Appeals may authorize, without a public hearing or variance, the erection of such garages within not less than ten (10') feet of the street line where the natural slope of the ground within twenty-five (25') feet of such line is between twelve percent (12%) and twenty percent (20%) and within not less than five (5') feet of the street line where such slope within twenty-five (25) feet of such line exceeds twenty percent (20%).
- (3) Storage of unlicensed vehicles is prohibited in any residential district except in enclosed structures which comply with the above regulations.

B. Corner lots.

- (1) At all street intersections in all residence districts, no obstructions to vision exceeding thirty (30) inches in height above curb level shall be erected or maintained on any lot within the triangle formed by the street lines of such lot and a line drawn between points along such street lines thirty (30) feet distant from their point of intersection.

ZONING

- (2) On a corner lot, front yards are required on both street frontages, and one yard other than the front yards shall be deemed to be a rear yard and the other or others, side yards. The minimum district requirements for each type yard shall be complied within.

C. Exceptions to lot depth requirements.

- (1) The required lot depth at any point may be decreased by twenty-five percent (25%) if the average lot depth conforms to the minimum depth requirements.

D. Exceptions to yard requirements.

- (1) Permitted obstructions. Cornices or cantilevered roofs may project not more than three (3') feet into a required yard. Belt courses, windowsills and other ornamental features may project not more than six (6) inches into a required yard. Fences or walls not over four (4') feet in height may be erected anywhere on the lot, except as set forth in Subsection B above. Fences or walls with a height in excess of four (4') feet shall conform to the requirements set forth herein for buildings. Paved terraces, steps and walks (other than such as are needed for access to the buildings on the lot) shall not project within fifteen (15') feet of a street line or four (4') feet of a property line.
- (2) Entries and porticoes. A roofed-over but unenclosed projection in the nature of an entry or portico, not more than eight (8') feet wide and extending not more than six (6') feet out from the front wall of the building shall be permitted to encroach on a required front yard. In computing the average setback in § 134-7B (2), the presence of such entries and porticoes shall be ignored.
- (3) Existing setback. If two (2) or more existing dwellings are located within two hundred (200') feet on each side of a proposed dwelling [except in the case of a corner lot, then within two hundred (200') feet on one (1) side of a proposed dwelling] on the same side of the street and within the same block and same district, said proposed dwelling may have a front yard not greater than the average setback of all existing dwellings so located, subject to a special permit under § 134-16. **[Added 3-27-01 by L.L. 2001-5]**

- E. Existing nonconforming lots in residence districts. In addition to the provisions of Section 134-19 (L), for a lot that was under separate ownership from all adjoining lots on the effective date of this Chapter, and which has a total lot width less than prescribed herein, and which is proposed for use as a one-family residence, if such lot is less than sixty (60') feet wide, then the minimum side yard shall be reduced to seven and one half (7 ½') feet, provided that the two (2) side yards shall total at least four (4") inches for each foot of lot width. **[Amended 11-15-2011 by L.L. 4-2011]**

§ 134-18. Supplementary regulations applying to all districts.

- A. Supplementary sign regulations.
- (1) No signs, billboard, advertising display, structure or device shall be erected, moved, enlarged or reconstructed except as expressly permitted in this chapter.
 - (2) The following types of signs or artificial lighting are prohibited:
 - (a) Billboards, i.e., any sign advertising a product or services not legally being sold or rendered on the premises where sign is located.
 - (b) Flashing signs, including any sign or device on which the artificial light is not maintained stationary and constant in intensity and color at all times when in use.
 - (c) Signs which project more than one (1') foot over a street or walk.
 - (d) Signs which compete for attention with or may be mistaken for a traffic signal.
 - (e) The outlining by direct illumination of all or any part of a building, such as a gable, roof, side, wall or corner, except for holiday lighting.
 - (f) Signs made of cardboard, paper, canvas or similar impermanent material, with the exception of automotive service stations, where seasonal point-of-sale material may be displayed at gasoline pump islands for a period no longer than thirty (30) days.

B. Municipal and governmental uses by the village.

- (1) All municipal and governmental uses by the Village of Cold Spring of land and/or buildings are hereby permitted in each and every district.

C. Off-street parking and loading, etc.

(1) Permitted accessory parking.

- (a) Off-street parking spaces, open or enclosed, are permitted accessory to any use, subject to the provisions of this Article.

(b) Trailers, other than house trailers.

- [1] One (1) trailer, other than a house trailer, may be stored out-of-doors, but not used for any purpose, for a period of not more than one (1) week, on any lot in any district.
- [2] One (1) boat or one (1) boat on a boat trailer, or one (1) camper or one (1) camping trailer may be stored in the open on a lot occupied in conformity with this chapter in any district, for not more than nine months in any year, but same may not be occupied or used for any purpose. If so stored, the minimum yard area for the district must exist, in addition to the area so occupied for such storage.
- [3] A "camper" or "camping trailer" as used herein, shall mean a vehicle, unit for attachment to a vehicle, or a trailer, other than a house trailer, designed to be portable and primarily intended for use as a temporary dwelling while camping or travelling away from one's permanent or usual residence.

- (a) Except: Where displayed by licensed auto dealerships for sale or lease.
- (b) Where in the process of being repaired at licensed repair shops.

D. Driveways. No driveway shall provide access to a lot located in another district, which lot is used for any use prohibited in the district in which such driveway is located.

E. Required off-street parking.

- (1) Schedule of requirements. Accessory off-street parking spaces, open or enclosed, shall be provided for any lot as specified in Article IV, District Regulations and as specified below for each use in any district. Any land which is developed and owned as a unit shall be considered a single lot for the purposes of these regulations.

- (5) Drainage and surfacing. All open parking areas shall be properly drained and all such areas of over ten (10) spaces shall be provided with a dustless surface, except for parking spaces accessory to a one-family or two-family residence.
- (6) Joint facilities. Required parking spaces, open or enclosed, may be provided in spaces designed to serve jointly two (2) or more establishments whether or not located on the same lot, provided that the number of required spaces in such joint facilities shall not be less than the total required for all such establishments.
- (7) **[Added 7-13-2010 by L.L. 2010-01]** Fee in lieu of off-street parking.
 - (a) For properties located in B-1 or B-2 zoning districts, upon request of the property owner and after review and report by the Planning Board, the Village Board of Trustees may accept the payment of a fee or periodic fees in substitution for providing some or all of the off-street parking spaces required by this Section.

COLD SPRING CODE

§134-18

§134-18

(b) Such a fee in lieu of parking shall be set by resolution of the Village Board on a “per space” basis and in establishing the amount of such fee the Village Board shall consider the present and anticipated future needs for parking facilities in the Village and the impacts thereon of waivers of required off-street parking.

(c) Approval of payment of fees in lieu of parking shall constitute a waiver of off-street parking requirements only for the use for which the property owner requested Village Board approval of a payment in lieu of parking. Upon any change of use, waivers granted under this section shall terminate and the property owner must comply with the parking requirements of this section or obtain new waivers.

(d) All fees collected under this provision shall be used exclusively for Village parking, street and roadway improvement and maintenance including, without limitation, acquisition of municipal parking facilities, maintenance and improvement of municipal parking facilities and expenditures for parking enforcement.

- F. Fees. Any and all fees called for, required or hereafter required under this chapter or for the administration hereof may be established or amended by resolution of the Village Board.

- G. Public utilities. Public utility buildings or structures shall be permitted in any district, subject to the procurement of a special use permit for same in accordance with the requirements and procedures for special use permits under this chapter, and further subject to final approval of same by resolution of the Village Board.
- H. Unless otherwise expressly stated in this Ordinance, the dimensional requirements and limitations made applicable to a Zoning District shall apply to all uses within such district, whether or not such use is permitted in another district or districts having other or different dimensional requirements or limitations. **[Added 5-10-05 by L.L. 2005-01]**

§ 134-19. Nonconforming uses. [Amended 11-15-2011 by L.L. 4-2011]

- A. Construction approved prior to adoption of or amendment to this Chapter. Nothing herein contained shall require any change in plans, construction or designated use of a building for which a building permit has heretofore been issued and the construction of which has been diligently prosecuted within three (3) months of the date of such permit, and the ground-story framework of which, including the second tier of beams, shall have been completed within one (1) year of the date of the permit, and which entire building shall be completed according to such plans as filed within two (2) years from the date of this chapter.
- B. Nonconforming uses. Except as herein provided, any preexisting nonconforming use may be continued.
- C. Discontinuance. Whenever a nonconforming use has been discontinued, such use shall not thereafter be re-established and any future use shall be in conformity with the provisions of this chapter. "Discontinuance" is defined as:
 - (1) Vacancy of a building originally designed or arranged or used for the nonconforming use for a continuous period of two (2) years;
 - (2) Vacancy of land for a period of six (6) months; or
 - (3) Clear intent on the part of the owner to abandon the nonconforming use. Use in conformity with the regulations of this chapter shall be deemed to be abandonment of a former nonconforming use.

COLD SPRING CODE

§134-19

§134-19

- D. Enlargement. No nonconforming use shall be enlarged or extended and no building or other structure housing or serving a nonconforming use shall be enlarged, extended or structurally altered except for a permitted use or when the result of such changes is to reduce or eliminate the nonconformity.
- E. Changes. Once changed to a conforming use, no building or land shall be permitted to revert to a nonconforming use. A nonconforming use may be changed to a use of the same or higher classification upon procuring a special permit according to §134-16, and such use thereafter shall not be changed to a lower classification.
- F. Parking space.
 - (1) Any use already existing shall conform to the standards of parking required under this chapter to the extent that it does conform at the time of the adoption of this chapter.
 - (2) Any use of land, building or other structures existing at the time of adopting this chapter, which does not conform to the requirements for parking or loading space, may be continued but shall not be changed to a use requiring additional off-street parking or loading space unless compliance with the requirements of this chapter is provided.
- G. Cessation of junkyards. Notwithstanding any other provisions of this chapter, any automobile wrecking yard or other junkyard in existence in any residential district at the date of enactment of this chapter shall, at the expiration of three (3) years from such date, become a prohibited and unlawful use and shall be discontinued.
- H. Nonconforming buildings. Nonconforming buildings may be continued, repaired, structurally altered, moved, reconstructed or enlarged, provided that such action does not increase the degree of or create any new nonconformity to district bulk regulations. The extension of a lawful use to any portion of a non-conforming building which existed prior to the enactment of this chapter shall not be deemed the extension of such nonconforming building.
- I. Alteration of nonconforming buildings. A nonconforming building may not be reconstructed or structurally altered during its life to an extent exceeding in aggregate cost of fifty percent (50%) of the fair value of the land and building as determined by dividing the assessed value of the land

and building by the equalization rate, unless said building is changed to a conforming use.

- J. Restoration. A nonconforming building damaged by fire or other causes to the extent of more than seventy-five percent (75%) of its replacement value shall not be repaired or rebuilt except in conformity with the use and area regulations of this chapter.
- K. Unsafe structures. Subject to the provisions of this Section, any nonconforming building or portion thereof declared unsafe by a proper authority may be restored to a safe condition. The Building Inspector is a proper authority to issue a permit for same.
- L. Existing nonconforming lots. A lot in any district that was under separate ownership from all adjoining lots on the effective date of this Chapter, and which has a total lot area, lot width or lot depth less than otherwise required herein may be used and developed in conformity with all other applicable regulations in its district, subject to grant of site plan approval.

§134-21

**ARTICLE VI
Enforcement**

§ 134-20. Building Inspector.

- A. This chapter shall be enforced by the Building Inspector, who shall be appointed by the Village Board. No building permit or Certificate of Occupancy shall be issued by him except where all the provisions of this chapter have been observed.
- B. The Building Inspector does not possess discretionary authority, except where specifically set forth. It is his duty to enforce provisions of the Zoning Law literally. He has no power to make special exceptions or grant any variance.
- C. The Building Inspector has the authority to determine whether a structure is unsafe under § 134-19B and may either issue a permit for its renovation to its last conforming pre-permit condition or to issue a notice to correct the unsafe conditions. The determination shall not be arbitrary but shall rely upon New York State Standards for structural integrity and fire hazard. **[Added 7-30-96 by L.L. 1-1996]**

§ 134-21. Building permits.

- A. No building or structure shall be erected, added to or structurally altered until a permit therefore has been issued by the Building Inspector. No land use subject to regulation by this chapter, nor work on land in connection with a use subject to regulation by this chapter, shall be commenced until a permit therefore has been issued by the Building Inspector. Except upon a written order of the Board of Appeals or the Planning Board in accordance with the provisions of this chapter, no such building permit or Certificate of Occupancy shall be issued for any building where said construction, addition or alteration or use thereof would be in violation of any of the provisions of this chapter.
- B. There shall be submitted with all applications for building permits two (2) copies of a layout or plot plan drawn to scale, showing the actual dimensions of the lot to be built upon, the exact size and location on the lot of the building and accessory buildings to be erected and such other information as may be necessary to determine and provide for the enforcement of this chapter, together with such fee as may be established from time to time by the Village Board. When deemed advisable or necessary by the Building Inspector, he shall require a survey of the

premises with the layout or plot plan required, prepared by a land surveyor or professional engineer licensed by the State of New York, who will sign and seal the same. The form of application for a building permit is attached to this chapter and may be amended from time to time by resolution of the Village Board.⁶

- C. One (1) copy of such layout or plot plan shall be returned when approved by the Building Inspector, together with such building permit, to the applicant. The form of building permit is attached to this chapter and may be amended from time to time by resolution of the Village Board.⁷

§ 134-22. Certificate of occupancy.

- A. No land occupancy or use subject to regulation by this chapter or the Building Code as adopted by the Village of Cold Spring⁸ shall be occupied or used, and no building hereafter erected, altered or extended shall be used or changed in use, until a certificate of occupancy shall have been issued by the Building Inspector, stating that the building or proposed use thereof complies with the provisions of this chapter as well as the provisions of the Building Code. The form of certificate of occupancy is attached to this chapter and may be amended from time to time by resolution of the Village Board.⁹
- B. No nonconforming use shall be maintained, renewed, changed or extended without a Certificate of Occupancy (certificate of preexisting use therefore) having first been issued by the Building Inspector.
- C. All certificates of occupancy shall be applied for upon completion of the work approved under a building permit, except in the case of nonconforming use. Said certificate shall be issued within ten (10) days after the erection, alteration or nonconforming use shall have been approved as complying with the provisions of this chapter. The form of application for a certificate of occupancy is attached to this chapter and may be amended from time to time by resolution of the Village Board.¹⁰
- D. The Building Inspector shall maintain a record of all permits and certificates, and copies shall be furnished upon request to any person having a proprietary or tenancy interest in the building or premises affected upon payment of such fee as may be established by resolution of the Village Board.

ARTICLE VII
Board of Appeals

§ 134-23. Creation.

A Board of Appeals consisting of five (5) members is hereby created in accordance with the provisions and subject to the terms of Section 7-712 of the Village Law. The Village Board shall appoint said members and shall designate its Chairman. The Board of Appeals shall elect an Acting Chairman from its membership, who shall act in the absence of the Chairman, and shall appoint a Secretary and prescribe rules for the conduct of its affairs. **[Amended 3-27-01 by L.L. 2001-05]**

§ 134-24. Powers and duties. [Amended 3-27-01 by L.L. 2001-05]

The Board of Appeals shall have all the power and duties prescribed by law, particularly Section 7-712 of the Village Law, and by this chapter, including the following:

- A. Interpretation. Upon appeal from a decision by an administrative official, to decide any question involving the interpretation of any provision of this chapter, including determination of the exact location of any district boundary if there is uncertainty with respect thereto.
- B. Special permits. To issue special permits for any of the uses for which this chapter requires the obtaining of such permits from the Board of Appeals.
 - (1) To vary or adapt the strict application of any of the requirements of this chapter in the case of exceptionally irregular, narrow, shallow or steep lots or other exceptional physical conditions whereby such strict application would result in practical difficulty or unnecessary hardship that would deprive the owner of the reasonable use of the land or building involved, but in no other case. No variance in the strict application of any provision of this chapter shall be granted by the Board of Appeals unless it finds:

- (a) That there are special circumstances or conditions, fully described in the findings of the Board, applying to such land or buildings and not applying generally to land or buildings in the neighborhood, and that said circumstances or conditions are such that strict application of the provisions of this chapter would deprive the applicant of the reasonable use of such land or buildings and result in practical difficulty or unnecessary hardships.
 - (b) That, for reasons fully set forth in the findings of the Board, the granting of the variance is necessary for the reasonable use of the land or building; and that the variance as granted by the Board is the minimum variance that will accomplish this purpose.
 - (c) That the granting of the variance will be in harmony with the general purpose and intent of this chapter and will not be injurious to the neighborhood or otherwise to the public welfare.
- (2) In cases which involve a variance from the permitted use for the zoning district instead of an area-type variance, unnecessary hardship as interpreted by case law of the State of New York must be shown in addition to practical difficulty. The hardship cannot be self-imposed. **[Amended 3-27-01 by L.L. 2001-5]**
 - (3) In granting any variance, the Board of Appeals shall prescribe any conditions that it deems necessary or desirable.

§ 134-25. Procedure.

- A. The Board of Appeals shall act in strict accordance with the procedure specified by state law and by this chapter. All appeals and applications made to the Board shall be in writing, on forms prescribed. Every appeal or application shall refer to the specific provision of this chapter involved and shall exactly set forth the interpretation that is claimed, the use for which the special permit is sought or the details of the variance that is applied for and the grounds on which it is claimed that the variance should be granted, as the case may be.

§134-25

§134-25

The form to be used in applying for a variance or special permit is attached to this chapter and may be amended from time to time by the Village Board.¹¹

- B. All applications for variances or interpretations shall be accompanied by funds totaling five hundred dollars (\$500) to be held in an escrow account and used for payment of expenses and disbursements incurred by the Village in processing the application including consultants' fees pursuant to Section 134-28 of this Chapter. **[Amended 4-8-08 by L.L. 2008-02]**
- C. **[Added 4-8-08 by L.L. 2008-02]** The Zoning Board of Appeals may refer applications for special permits to the Villages' planning, engineering or legal consultants for review and comment and upon approval by the Village Board may retain such other or additional planning consultants, engineering consultants, legal consultants or other professionals as it deems reasonably necessary to review applications for plat approval.
- D. The Board of Appeals shall schedule for the public hearing which is required for every appeal or application for a variance or special permit within 60 days of receipt of completed application, and shall give public notice by the publication in the official paper for the Village of a notice of such public hearing at least ten (10) days before such hearing, unless additional time is required by statute. Copies of such notice shall also be mailed to such parties as may be required under the Village Law, the General Municipal Law or other statutes, at least ten (10) days before such hearing, unless additional time is required by statute. **[Amended 3-27-01 by L.L. 2001-5]**
- E. At least ten (10) days before the date of the hearing required by law on an application or appeal for a variance or special permit to the Board of Appeals, the Secretary of said Board shall transmit to the Planning Board and the Village Clerk a copy of said application or appeal, together with a copy of the notice of the aforesaid hearing, and shall request that the Planning Board submit to the Board of Appeals its opinion on said application or appeal, and the Planning Board may submit a report of such advisory opinion prior to the date of said hearing. Upon failure to submit such report, the Planning Board shall be deemed to have approved the application or appeal. Every decision of the Board of Appeals shall be by resolution, each of which shall contain a full record of the findings of the Board in the particular case, and a copy thereof shall be filed with the

Village Clerk and the Planning Board. The Board of Appeals shall keep thorough records of all proceedings and decisions.

- F. All variances and special permits shall be considered null and void if the applicant does not obtain a building permit within one (1) calendar year of date of decision of the Zoning Board of Appeals. **[Added 3-27-01 by L.L. 2001-5]**
- G. **[Added 4-8-08 by L.L. 2008-02]** It shall be a condition of approval of all variances that all expenses, costs and consultants' fees imposed under this Chapter have been paid to the Village.

Planning Board

[Added 9-14-71 by L.L. No. 5-1971]

§ 134-26. Prior creation.

The Planning Board of the Village of Cold Spring was created prior to the adoption of this Article pursuant to the authority of Village Law and is an existing operating Planning Board.¹²

§ 134-27. Additional duties.

In addition to other existing or hereafter assigned duties of the Planning Board of the Village of Cold Spring, the following duties are also assigned to said Planning Board:

- A. Site plan review: general. The Planning Board shall review the plans submitted for approval, or any amendment to said plans, in the same manner as is prescribed by state law for the review of subdivision plats. In considering and approving the site plan, the Planning Board shall take into consideration the public health, safety and general welfare and the comfort and convenience of the public in general and of the residents of the immediate neighborhood in particular, and shall make any appropriate conditions and safeguards in harmony with the general purpose and intent of this chapter, and particularly with regard to achieving maximum safety of traffic, access and egress; a site layout which would have no adverse effect upon any properties in the area, including adjoining residence districts, by impairing the established character or potential use of such property in such area or districts; reasonable screening at all seasons of the year of playgrounds, parking and service areas from the view of adjacent

residential properties and streets; consideration of the location of any outdoor lighting; conformance of the proposed site plan which such portions of any master plan of the Village of Cold Spring as may be in existence from time to time; adequate drainage; and the application of any portion of the requirements set forth in land subdivision regulations¹³ which may have been adopted by the Planning Board to the extent same may be advisable and pertinent for the suitable development and use of the property on the site plan being reviewed. The site plan being submitted shall contain at least the following information:

- (1) Site layout drawn to scale, showing the dimensions of the property, any existing structures and any proposed structures.
- (2) Where appropriate, the location of any and all playgrounds, parking and service areas, screening, planting and the like.
- (3) Where appropriate or where required by the Planning Board, the contours of the property and any significant natural or topographical features to be considered in approval of the site plan.
- (4) The location of access and egress to and from the site.
- (5) The location of water supply, sewage disposal, nearest fire hydrants.
- (6) Proposed roadways, sidewalks, curbs.
- (7) A suitable drainage system with location of catch basins, culverts and plan for final disposition of any water drained from the site.

B. Bond.

- (1) The Planning Board shall require the owner or developer to give a bond as hereinafter provided. Said bond may be in cash or a surety company bond in an amount subject to the approval of the Village Board, and if a surety company bond, shall be further subject to the approval of the Village Board as to amount, form and manner of execution. Such bond shall be in an amount of not less than one hundred percent (100%) of the estimated cost or, if a cash bond, fifty percent (50%) of the estimated cost, of proposed screening, landscaping, including planting and maintenance thereof, stormwater drainage system, streets, water system, sanitary sewer system, outdoor lighting, off-street parking areas, loading

¹³ Editor's Note: See Ch. 111, Subdivision of Land.

areas, means of vehicular access and egress to and from the site onto public streets, playgrounds, garbage collection stations, fire alarm system, water system extensions, fire hydrants and the like, to the extent applicable. Where the Planning Board deems it advisable, the Village Board shall be requested to appoint an engineer, or the Village Engineer if there be one, to review said site plan, to assist in review of the technical specifications thereon and to assist in the estimated cost of the items to be provided for which a bond is required. Said Engineer will be requested to advise the amount of his fee for such services, and the applicant submitting the site plan for approval shall make a deposit in the amount of said fee to be paid to said Engineer, and the entire cost thereof shall be borne by the applicant. The aforesaid bond shall be conditioned upon the property owner's, or developer's or applicant's completing the said work enumerated herein and set forth on the site plan as finally approved by the planning board in a manner satisfactory to the Building Inspector of the Village of Cold Spring in accordance with the requirements determined in the approval, and in default thereof the said bond or deposit shall be forfeited and the village shall be entitled to the full amount thereof and shall use same to complete the said work not done or completed and to recover the costs thereof from the bond provided. Accompanying said bond shall also be written permission from the owner of the property shown on the site plan authorizing the village to complete or have completed the work on said property in the event of such default. If any amount of money remains after the village has completed the said work in the event of such default, such excess money shall be returned to the surety or the person putting up the required deposit. Such surety bond or cash deposit may be reduced by resolution of the Planning Board upon certification of the Building Inspector to Planning Board that a particular item or items in the requirements of said Planning Board have been satisfactorily completed. Such reduction, if a fifty percent cash bond has been posted, shall be in the ratio that the completed item or items bear to the total estimated cost of the required improvements.

- (2) The Planning Board shall also have the right to reduce any of the requirements set forth in Subsections A, B, and C of this section where it deems that such requirements are not appropriate. Conversely, the Planning Board may also require submission of any additional information or provide for additional conditions and requirements where deemed appropriate and reasonable for the development of the property as shown on the site plan.

§134-27

§134-27

C. Site plan review: submission; requirements for site plan approval.

- (1) In all cases where this chapter requires approval of site plans by the Planning Board, such plans shall be prepared and submitted by the applicant to the Village Building Inspector for review. The Building Inspector shall inspect the site plan, or amendment to each plan, with respect to the basic requirements of this chapter and Building Code ¹⁴ and shall then refer the site plan to the Planning Board with such comments as he deems appropriate. The Building Inspector may also waive initial review of the site plan and refer same directly to the Planning Board for its basic review. Regardless of which procedure is followed, the basic requirements of this chapter and Building Construction Code must be followed.
- (2) **[Added 4-8-08 by L.L. 2008-02]** The Planning Board may refer applications for site plan approval to the Villages' planning, engineering or legal consultants for review and comment and upon approval by the Village Board may retain such other or additional planning consultants, engineering consultants, legal consultants or other professionals as it deems reasonably necessary to review applications for plat approval.
- (3) No building permit may be issued for any building or structure within the purview of this Article until a site plan or amendment of any such plan has been finally approved by the Planning Board in accordance with the provisions of this Article. No Certificate of Occupancy may be issued for any building or structure or use of land within the purview of this Article unless the building or structure or conversion or alteration or use is in conformity with the approved site plan or any amendment of such plan. It shall be a condition of approval of all site plan approvals that all consultants' fees imposed under this Chapter have been paid to the Village. **[Amended 4-8-08 by L.L. 2008-02]**
- (4) Presubmission. Prior to the submission of a formal site plan, the applicant should meet in person with the Planning Board and/or its designated representative to discuss the proposed site plan so that the necessary subsequent steps may be undertaken with a clear understanding of the Board's attitude and requirements in matters relating to the site development, and also to discuss the waiver of any of the requirements outlined herein which may not be required or necessary for the particular site plan under consideration.

¹⁴ Editor's Note: See Ch. 40, Building Construction.

- (5) Required submissions. The information enumerated below shall be submitted to the Planning Board through the Building Inspector, in triplicate, along with a letter of application. All maps or site plans submitted must be at a scale of forty (40') feet to the inch.
- (a) The information to be submitted and which in total constitutes the site plan application follows:
- [1] The basic site plan map with the information shown thereon as outlined above.
 - [2] The names of all owners of record with the Tax Map section, block and lot numbers for subject property; all adjacent properties, and the owners of properties on the opposite side of any public street on which subject property has frontage. It is suggested that this information be shown on a copy of the appropriate County Tax Map and be submitted in this form with the site plan map.
 - [3] A statement as to the existing school, zoning and special district boundaries.
 - [4] A copy of the deed or deeds into the owner of the subject premises, together with a copy of any and all covenants, restrictions, reservations and easements which affect such premises.
 - [5] Any other information deemed appropriate or helpful to the Planning Board.
 - [6] **[Added 4-8-08 by L.L. 2008-02]** All applications for site plan approval shall be accompanied by funds totaling one thousand dollars (\$1,000) to be held in an escrow account and used for payment of consultants' fees pursuant to Section 134-28 of this Chapter.

COLD SPRING CODE

§134-28

(b) The applicant shall consider the following checklist as information usually helpful to the Planning Board:

[1] Map should contain title; date; North point; scale; name and address of owner, Professional Engineer (P.E.) or Registered Architect licensed in New York State including license number and seal; Landscape Architect, architect or planner may also be included; and Tax Map section, block and lot numbers.

[Amended 3-27-01 by L.L. 2001-5]

[2] Existing zoning, property boundaries, building and setback lines, existing streets, lots, easements.

[3] Existing buildings, water mains, culverts and drains, with pipe sizes, grades and direction of flow.

[4] Existing contours above two (2') feet, watercourses, marshes, rock outcrops, wooded areas, trees of eight (8") inches in diameter or more.

[5] Proposed water hydrants, water lines, sewer lines and exterior illumination.

[6] Location of parking areas, driveways, access roads, type of pavement, curbs and drainage.

[7] Location of buildings, community areas, sidewalks, screening and landscaping.

[8] The application shall be signed by the applicant and by the owner of record if the owner is not the applicant.

§ 134-28. Consultants' Fees. [Added 4-8-08 by L.L. 2008-02]

- (1.) Applicants for special permits, site plan approval, variances or interpretations shall reimburse the Village for all costs and expenses incurred for review of their applications including the cost of planning consultants, engineering consultants, legal consultants or other professionals.
- (2.) The funds paid by applicants into escrow upon submission of an application shall be used by the Village to pay the costs and expenses incurred in processing applications, including review of applications by consultants.

ZONING

§134-28

§134-29

- (3.) Applicants shall replace and replenish the funds paid into escrow upon submission of an application as necessary to maintain the initial balance therein.
- (4.) The charges made by such consultants for services including, without limitation, review, consultation, attendance at board meetings and preparation of reports or other documents, shall be in accord with charges usually made for such services pursuant to contractual agreement between the Village and such consultant. All such charges shall be paid upon submission of a sworn voucher.
- (5.) All funds paid the Village as consultants' fees shall be held by the Village Treasurer, without interest. Funds paid into escrow for consultants' fees shall be refunded to the applicant when the applicant formally withdraws the application from consideration or when the applicant receives a final approval, and in either case all reimbursable fees and expenses incurred by the Village shall first be deducted from the escrow account.
- (6.) Applicants shall, upon written request, receive a statement setting forth the nature of services and the dates upon which such services were rendered. The charges for such services shall be subject to audit before the Village Board and any party aggrieved by the outcome of such audit may seek judicial review thereof under Article 78 of the CPLR.

ARTICLE IX

Penalties; Amendments; Interpretation

§ 134-29. Penalties for offenses.

- A. Any person committing an offense against any of the provisions of this Chapter or Article, as the case may be, shall be guilty of a violation under the Penal Law and, upon conviction thereof, shall be punishable by a fine of not more than two hundred fifty dollars (\$250) or by imprisonment for not more than fifteen (15) days, or both. **[Amended 4-10-79 by L.L. No. 2-1979]**
- B. The Village Board of Trustees may also enforce this chapter by injunction.
- C. Each week continued violation shall constitute a separate, additional violation.

§134 -30

§134-33

§ 134-30. Complaints of violations.

Whenever a violation of this chapter occurs, any person, firm or corporation may file a complaint in regard thereto. All such complaints must be in writing and shall be filed with the Building Inspector, who shall properly record such complaint and immediately investigate and report thereon to the Village Board of Trustees. He shall also take such action as he deems immediately necessary and advisable, a report of which shall also be made to the Village Board.

§ 134-31. Notice to stop work or remedy violation.

Whenever the Building Inspector has reason to believe that there exists a violation of this chapter or other applicable laws, ordinances or regulations, he shall post a notice on the premises and mail a copy thereof to the owner, lessee or applicant for a building permit (using the address of the premises or the address contained in village records for said owner, lessee or applicant), ordering a compliance with the law, ordinance or regulation involved, and whenever he deems it advisable or necessary, he may include in said notice an order for all work to be stopped pending compliance with the law, ordinance or regulation being violated. Failure to abide by said notices shall be deemed to be a separate violation of this chapter. The form of notice is attached and may be amended by resolution of the Village Board.¹⁵

§ 134-32. Procedure for amendment.

The Village Board may from time to time on its own motion, or on petition, or on recommendation of the Planning Board, amend, supplement or repeal the regulations and provisions of this chapter after public notice and hearing, subject to the requirements of the Municipal Home Rule Law, the Village Law and the requirements of the General Municipal Law. Every such proposed amendment or change, whether initiated by the Village Board or by petition, shall be referred to the Planning Board for report thereon before the public hearing required by law.

§ 134-33. Interpretation.

In their interpretation and application, the provisions of this chapter shall be held to be minimum requirements, adopted for the promotion of the public health, morals, safety and the general welfare. Whenever the requirements of this chapter are in conflict with one another or are at variance with the requirements of any other lawfully adopted laws, rules, regulations or ordinances, the most restrictive or that imposing the higher standards shall govern.
